

## **Transportation Division**

1525 S. Happy Hollow Road

Fayetteville, Arkansas 72701

---

The City of Fayetteville Transportation Division will be milling and placing an asphalt overlay on E Joyce Blvd. between N Old Missouri Rd. and N Crossover Rd. starting Monday, April 17, 2017 through Friday, April 28, 2017.

E Joyce Blvd. will have alternating lane closures. One lane in each direction will be closed simultaneously, however one lane of traffic in each direction will be open at all times. Lane closures will begin around 6:00 a.m. and be opened up to traffic at 4:00 p.m. (Residents and businesses will be allowed access as needed. We will work to minimize traffic delays, however please allow extra time.)

While driving through the work zone please use extreme caution and watch out for equipment and personnel that may be present.

**Oil will be sprayed prior to the placement of asphalt overlays.** If necessary you may drive on the oil before the asphalt is placed. Please drive slowly and use care. Driving fast will throw oil on your vehicle and endanger the crew. (Note: If oil is thrown on your vehicle it can be removed with WD-40 spray and paper towels.)

**Note: Rain could delay or extend the estimated work time.**

On behalf of the City of Fayetteville, we would like to express our appreciation for your cooperation and understanding as we perform our work in this area. If you have any further questions or comments on the project, please feel free to contact the City of Fayetteville Transportation Division office at 575-8228. Office hours are 7:30 a.m. until 4:30 p.m.

Thank you.
