## Therapy Referrals

---

### Referral Process

- Referral is initiated from your physician. The referral department will send all necessary paperwork to the therapy provider selected. If you have not heard from the therapy provider in 7-10 business days, call the number provided at the bottom of the page.
- After the therapy provider receives paperwork, they will check your insurance coverage and call you to make an appointment for an initial evaluation.
- Evaluation with Therapy Provider of your choice.
- After your evaluation with the therapy provider, the therapist will write up the recommendations. This normally takes 1-2 weeks.
- Therapist will provide you and your physician with a copy of their recommendations (Evaluation).
- Once we obtain a copy of the evaluation, the physician will review the recommendations and sign a referral for treatment.

**We will not be able to sign for treatment until after the above steps have been completed. This process normally takes from 2-4 weeks to get started.**

### Ongoing Referrals

To maintain uninterrupted therapy services

- Patient must maintain regularly scheduled appointments, including annual wellness checkups **to address all therapy concerns.**
- All ongoing referral requests will be processed in 5-7 business days.

For any questions or concerns, please call 479-442-7322.
